TAARIFA YA KAWAIDA NA. 278

SENATOR INVESTMENT COMPANY LIMITED

CERTIFIED TRUE COPY OF THE RESOLUTION
PASSED AT THE MEETING OF THE BOARD OF
DIRECTORS OF SENATOR INVESTMENT COMPANY
LIMITED HELD AT THE REGISTERED OFFICE OF THE
COMPANY AT DAR ES SALAAM ON
24TH FEBRUARY, 2020

Present:

1. Hashim Mohamed Abdallah - Director/Secretary
2. Alwiye Mahsein Saggaf - Director

Agenda: VOLUNTARY WINDING UP

After long discussions, the Board of Directors unanimously resolved as under:

Resolved That, the consent of the Board of Directors of the Company be and is at this moment accorded to voluntarily wind up the affairs of the Company by the provisions of section 333(1)(a) of the Companies Act, 2002.

Resolved Further That, the Board of Directors have made a pragmatic assessment of the affairs of the company and have reasonable grounds to form the opinion that the company will be able to pay its debts in full within a period of one year after realizing the assets belonging to the Company.

Resolved Further That, HASHIM MOHAMED ABDALLAH be and is hereby authorized to do all such acts, deeds and things as may be required to implement the above said decision of the Board.

Resolved Further That, the members of the company wish to the public and the Register of Companies about this Voluntary Winding Up.

We, hereby certify the above to be a true copy of the minutes.

Dated at Dar es Salaam this 24th day of February, 2020.

THE UNITED REPUBLIC OF TANZANIA

Supplement No. 11**13th March, 2020****SUBSIDIARY LEGISLATION**

To The Gazette Of The United Republic Of Tanzania No 11 Vol.101 Dated 13th March, 2020
 Printed By The Government Printer, Dodoma By Order Of Government

GOVERNMENT NOTICE NO. 201 published on 13/3/2020

THE LAND SURVEY ACT,
 (CAP. 324)

REGULATIONS*(Made under section 31)*

THE LAND SURVEY AND SURVEYORS (AMENDMENT) REGULATIONS, 2020

PART I
 PRELIMINARY PROVISIONS

Citation
 GN.174 of
 1959

1. These Regulations may be cited as the Land Survey and Surveyors (Amendment) Regulations, 2020 and shall be read as one with the Land Survey and Surveyors Regulations, 1959.

Amendment
 of regulation
 1

2. The principal Regulations are amended in regulation 1, by deleting subregulation (2) and substituting for it the following:

“(2) In these Regulations, unless the context requires otherwise-

Cap. 324

“Act” means the Survey Act;

“first order station” means a concrete pillar with a sub-surface dimension of 1 meter and an equivalent surface dimension, each one found one in every degree cell;

“reference frame” means the realization of the reference system; this realization is a

sequence of points possessing high geometric integrity and precision both internally and relative to the theory of the Reference System;

“reference system” means a theoretical set of definitions that define the system such as the equator, the origin of longitude and height for a geodetic system;

“second order station” means a ground mark with a subsurface component of about 0.7 meter observed during the TAREF project and rely on an estimated velocity model to bring the observation to the TAREF epoch of 2011.0;

“TAREF” means the Tanzania Reference Frame which defines spatial coordinates in the United Republic;

“TAREF11” means the Tanzania Reference Frame at the epoch of 2011.0;

“World Geodetic System 1984” or in its acronym “WGS84” means the best fitting earth ellipsoid used to transform 3-dimensional Cartesian coordinates into ellipsoidal coordinates which are subsequently used to generate the Universal Transverse Mercator (UTM) mapping coordinates that are part of the TAREF11 documentation;

“zero order station” means a concrete pillar over a meter with an independent ground level pad, for gravity and levelling observations.”

Addition of
regulation 2A

3. The principal Regulations are amended by adding immediately after regulation 2 the following:

“System of coordinates and projections 2A. The system of coordinates and projections to be used shall be-
(a) Clark (1880); and

(b) TAREF11.”

Amendment
of regulation
3

4. The principal Regulations are amended in regulation 3 by-

(a) deleting the marginal note and substituting for it the following:

“Clark (1880)”

(b) deleting sub regulation (1) and substituting for it the following:

“(1) The projections system of Clark (1880) shall have the following elements:

Ellipticity = $1/293.465$ ”

Addition of
new
regulation 3B

5. The principal Regulations are amended by adding immediately after regulation 3 the following:

“TAREF11

3B.-(1) The Reference Frame defines TAREF11 as a *static datum* at the epoch of 2011.0. Which is consistent with the International Terrestrial Reference Frame 2014 of the International Earth Rotation Services, IERS, at the 1.2-millimeter level, one sigma.

(2) TAREF has a structure with Zero, First and Second Order where and there are 18 Zero Order, 72 First Order, over 500 Second Order stations, the exact number may vary due to maintenance and replacement issues. The velocity field of the Zero and First Order stations has been used to determine the positions of the Second Order Stations, and the velocity is variable due to tectonic and other physical processes and is therefore subject to ongoing studies and new data.

(3) The TAREF11 reference frame at the epoch of 2011.0 is computed in a geocentric earth fixed Cartesian system which is defined by 18 Zero Order stations.

(4) The TAREF System is reflected physically on the ground through a Network of infrastructure comprising all stations where there are 18 Zero Order, 72 First Order and 540 Second Order stations.”

Amendment
of regulation
4

6. The principal Regulations are amended in regulation 4 by deleting subregulation (1) and substituting for it the following:

“(1) Every surveyor shall be responsible for maintaining his theodolite, measuring bands, electronic measuring equipment and all other measuring equipment in good order and the Director of may refuse to approve any survey which has been made with a defective equipment”.

Dodoma,

THE NATIONAL SPORTS COUNCIL ACT,
(CAP. 49)

NOTICE

(Made under section 17(1))

THE NATIONAL SPORTS COUNCIL (CESSATION OF EXISTENCE OF
SPORTS ASSOCIATIONS) NOTICE, 2020

Citation

1. This Notice may be cited as the National Sports Council (Cessation of Existence of Sports Associations) Notice, 2020.

Cessation of
existence of
sports
associations

2.-(1) Notice is hereby given that the Registrar intends to cancel the registration of sports associations prescribed in the schedule.

(2) If the Registrar shall not receive any information on the proof of existence of such associations within three months from the date of this Notice, he shall proceed to cancel the registration of such association.

GOVERNMENT NOTICE NO. 203 published on 13/3/2020

THE PETROLEUM ACT,
(CAP. 392)

NOTICE

(Made under Section 128(3))

THE PETROLEUM (AROBOGAST CYLILO RULILA) (CONSTRUCTION APPROVAL)
NOTICE, 2020

- | | |
|-------------------------------------|---|
| Citation | 1. This Notice may be cited as the Petroleum (Arobogast Cylilo Rulila) (Construction Approval) Notice, 2020. |
| Interpretation | 2. Unless the context otherwise requires:
“Applicant” means Arobogast Cylilo Rulila of P. O. Box 2502 Mwanza;
“Authority” means the Energy and Water Utilities Regulatory Authority established under the Energy and Water Utilities Regulatory Authority Act; and |
| Cap. 414 | |
| Cap 392 | “Construction Approval” means an approval issued by the Authority pursuant to Section 128(1) the Petroleum Act. |
| Granting of a Construction Approval | 3. The Applicant is hereby granted a Construction Approval to construct a petroleum products retail outlet at Milama Kamachumu Area Muleba District in Kagera region subject to the following conditions:
(a) the retail station shall be constructed in accordance with the Tanzania Bureau of Standards TZS 1115:2009 and TZS 1079:2009;
(b) due care shall be exercised during |

Cap 340

- excavation and installation of underground tanks;
- (c) the layout of the retail station shall meet the minimum safety distances in accordance with Tanzania Bureau of Standards TZS 1079:2009;
 - (d) the underground tanks and associated pipelines shall be well protected from corrosion and the back filling shall be done properly using non-corrosive materials;
 - (e) the underground storage tanks and pumps together with the connecting pipes and fittings shall be constructed so as to prevent any leakage of fuel;
 - (f) underground storage tanks and dispensing pumps shall be calibrated by the Weights and Measures Agency established under the Weights and Measures Act;
 - (g) the forecourt of the retail station shall be paved with impervious materials at the pump island with a drainage provision connected to oil and water separator;
 - (h) an emergency shut off switch shall be installed in a conspicuous and accessible area;
 - (i) ensuring that there shall be adequate and clean toilet facilities at all times;
 - (j) clear and visible safety warning signs shall be installed at the entrance, exit and at the dispensing pumps, including but not limited to "switch off engine", "switch off mobile phone" and "no smoking";
 - (k) each storage tank shall be fitted with vent pipes with a minimum height of 3.6 metres;
 - (l) each pump shall be protected with crash barriers with the height of one meter above the ground;
 - (m) the offloading manhole shall be

constructed in accordance with good petroleum industry practices and the offloading receiving pipes should be provided with couplings to prevent spillages during offloading;

- (n) the retail station shall be covered with a canopy covering at least the pump island and constructed in accordance with good petroleum industry practices; and
- (o) a price board shall be erected in a conspicuous place.

Expiry of a
Construction
Approval

4. The Construction Approval shall automatically expire or cease to have effect if such construction fails to take effect within twenty-four months from the date of issue.

THE PETROLEUM (SUMMER ESTATE LIMITED) (CONSTRUCTION APPROVAL)
NOTICE, 2020

- | | |
|-------------------------------------|---|
| Citation | 1. This Notice may be cited as the Petroleum (Summer Estate Limited) (Construction Approval) Notice, 2020. |
| Interpretation | 2. Unless the context otherwise requires:
“Applicant” means Summer Estate Limited of P.O. Box 702 Mbeya;
“Authority” means the Energy and Water Utilities Regulatory Authority established under the Energy and Water Utilities Regulatory Authority Act; and |
| Cap. 414 | |
| Cap 392 | “Construction Approval” means an approval issued by the Authority pursuant to Section 128(1) the Petroleum Act. |
| Granting of a Construction Approval | 3. The Applicant is hereby granted a Construction Approval to construct a petroleum products retail outlet at Plot No. 1508 Block “BB” situated at Plot No. 68, Block ‘B’, Ibanda Area, Kyela District in Mbeya Region subject to the following conditions:
(a) the retail station shall be constructed in accordance with the Tanzania Bureau of Standards TZS 1115:2009 and TZS 1079:2009;
(b) due care shall be exercised during excavation and installation of underground tanks; |

Cap 340

- (c) the layout of the retail station shall meet the minimum safety distances in accordance with Tanzania Bureau of Standards TZS 1079:2009;
- (d) the underground tanks and associated pipelines shall be well protected from corrosion and the back filling shall be done properly using non-corrosive materials;
- (e) the underground storage tanks and pumps together with the connecting pipes and fittings shall be constructed so as to prevent any leakage of fuel;
- (f) underground storage tanks and dispensing pumps shall be calibrated by the Weights and Measures Agency established under the Weights and Measures Act;
- (g) the forecourt of the retail station shall be paved with impervious materials at the pump island with a drainage provision connected to oil and water separator;
- (h) an emergency shut off switch shall be installed in a conspicuous and accessible area;
- (i) ensuring that there shall be adequate and clean toilet facilities at all times;
- (j) clear and visible safety warning signs shall be installed at the entrance, exit and at the dispensing pumps, including but not limited to "switch off engine", "switch off mobile phone" and "no smoking";
- (k) each storage tank shall be fitted with vent pipes with a minimum height of 3.6 metres;
- (l) each pump shall be protected with crash barriers with the height of one meter above the ground;
- (m) the offloading manhole shall be constructed in accordance with good petroleum industry practices and the offloading receiving pipes should be provided with couplings to prevent spillages during offloading;
- (n) the retail station shall be covered with a canopy covering at least the pump island and constructed in accordance with good petroleum industry practices; and
- (o) a price board shall be erected in a conspicuous place.

Expiry of a
Construction
Approval

4. The Construction Approval shall automatically expire or cease to have effect if such construction fails to take effect within twenty-four months from the date of issue.
